

# Brilliantly Birmingham!

A fascinating story of Jewellery Quarter  
inventors, entrepreneurs and designers

## Invention & Design Elkington of Birmingham

Jonathan Berg

Just £15 in  
hardback

# The amazing story of the Birmingham Jewellery Quarter firm of Elkington

- The story of a world-leading Birmingham firm through the Georgian and Victorian eras and beyond.
- How the application of science to industry led to electroplating, electroforming, and the first plastic.
- Told in an easy to read style and lavishly illustrated.
- Great value in hardback at just £15
